

Craig Proulx Bio

My wife Brenda and I have now lived in Olde Point for the past 3 years. We designed and built a house on Saw Grass Road and live there year-round. We enjoy the beauty of the neighborhood, the wonderful people, and the overall structure of the OPPOA. I just retired from working for the Department of Defense in Washington, DC for 31 years. My experience consists of engineering, construction management, policy, and compliance. I want to keep Olde Point a thriving and desired place to live. One way to keep Olde Point thriving is to make sure the OPPOA covenants and rules are being enforced, while understanding the needs of homeowners and builders. I look forward to serving the entire neighborhood in a very honest and unbiased manner.

Thank you,

Craig Proulx
